# HELLO AND WELCOME TO THE TWENTY EIGHTH MALTINGS BEER FESTIVAL

## A FEW WORDS FROM THE FESTIVAL CHAIR

Our move “onto the field” in 2019 was not without its challenges. The weather was colder than expected, particularly in the evenings and the airy marquees did not retain heat from the bodies of keen beer drinkers as well as the low ceiling of the Maltings floor had. We have more heating on standby this year! Publicity surrounding the sad closure of the Maltings business rather overshadowed the good news that the festival would continue. It was great to see so many of you here and rewarding to receive lots very positive feedback, as well as suggestions about what we can do better. The Real Meat Sausage Company have become a fixture at the festival and planning to offer more vegetarian options and daily specials to help soak up the beer. As ever the organising committee is made up of volunteers and I would like to express my special thanks to Adrian Wood who completes all the documentation, without which the festival simply wouldn't happen. We couldn't run the festival without support from the brewers whose beer is on show, a large number of CAMRA members and other volunteers. There is a very good chance that you will not only be served by someone knowledgeable about the beer but possibly the person who brewed it. Sadly and suddenly this year we lost Pete Martin of Driftwood Spars. Pete was a passionate brewer, enthusiastic supporter of SIBA and someone with whom it was very enjoyable to spend time having a chat, over a pint or two. If you would like to, please raise a beer to him during the festival.

Many thanks for coming and see you all next year:

OTTER BREWERY

# In memory of Pete (Fluffy) Martin

1963 - 2020

Driftwood Spars Brewery & SIBA South West Regional Director  
Talented Brewer and Sculptor. Greatly missed

Pete sadly passed away on 10th January after a brief stay in hospital; all are very shocked at his untimely death. Our thoughts and condolences go out to Sarah his partner, his siblings Irene, Andrew and Isabel, his many friends and all those who worked with him at Driftwood Spars.

Fluffy, as many knew him because of the garish fluffy jumpers and fleeces that he was seen in at beer festivals, was a passionate home brewer whilst in Cheltenham working in computing. A chance meeting at the St Austell Beer Festival with Louise the owner of The Driftwood Spars resulted in him becoming the Head Brewer there.

Pete was also a very talented artist, sculptor and wood carver. When he tore himself away from the brewery, he could be found creating carvings from wood, stone and slate; his sculptures are to be found throughout Cornwall, perhaps the best-known ones being the pineapple at the entrance to The Eden Project and Neptune in Charlestown. Pete was always a friendly face at beer festivals, it was not unknown for him to get pleasantly oiled at them; on one occasion after the St Austell Beer Festival he was due to get the train back to Redruth and be picked up from there, however he fell asleep and ended up at Penzance, the end of the line and luckily for him Sarah drove all the way there to take him home. When he was next allowed out, it was with a label tied to his fleece 'My name is Peter Martin, please return to....'

For the last three years he had represented the South West Region on the SIBA Board and always made sure that the voice of the working brewer was heard.
